The colonist build their city, name places after the men who lost their lives in the expeditions. Then a wave of heat from the rocket's launch passes over the town, briefly turning the Ohio winter into summer.

But it all went down the drain with Freud and Darwin. The rocket lay on the launch. The words passed among the people in the open, airing houses. He is able to coax "Tom" to come back, and they run desperately back for their boat to leave town. Fountains of warm water leaped up, steaming; the chill vanished from the room. It watched the blue sky of Mars as if it might at any moment grip in on itself, contract, and expel a shining miracle down upon the sand.
