The shadows are certainly longer of late. What is it doing – is it shining straight down, or is it oblique?

The absence of diffusing atmospheric effects in the vacuum of outer space produces

If you block all three lights, you get a black shadow.

Observed Nov.

Outward appearances have become everything in our current day and age. The light that we are made up of, the lights that surround us and that shine out from our inner being are all those qualities, virtues, emotions, behaviors, or desires that we like to show to .
