See also Eisner and for more recent studies which examine long-term decline in violent crime in a number of countries. Certainly loads of people have rated this one far more highly than me. I enjoyed the first half a lot as we follow Dr Bickleigh through his various romantic entanglements until he reaches the ecstasy of total infatuation with the new girl in town.

I really enjoyed the first half but somehow it lost me after the crime took place. And I know exactly what you mean about not finding any of the characters to be interesting. These data were supplemented with information from state and territory law enforcement agencies.

In the rare case where it may be necessary to direct a jury by reference to forensic science, the defendant may be found guilty but mentally ill. The letter went on to explain in chilling detail the nature and method of the killings, to the extent that investigators were convinced that none other than one who was present or who had committed the murders could have written it.
